Actions to stop doing

- None.

Actions to start doing

- 1. Our team should develop our product much faster. Because due of product release deadline is approaching.
- 2. Our team should merge our code. Because each team members work on each local environment.
- 3. Our team should test our product. Because we should know whether our product has some bugs.

Actions to keep doing

- 1. We should keep doing sprint 1's work.
